ABOUT JARROD McGRATH

Jarrold McGrath is a proud people advocate who promotes the importance and value of people tirelessly through his thought leadership writing and speaking around the world.

Jarrold grew up in the small country town of Bathurst, New South Wales, Australia. He has always been an entrepreneur and has founded and run multiple businesses spanning across the arts and consulting.

As the CEO of Smart WFM, a global Workforce Management and Human Capital Management consultancy he knows well what organisations need to provide superior people experiences and thrive in a modern digital age. Jarrold's latest venture is the 'Jarrold McGrath Institute' which was built to grow people and help them to build their digital muscle, following the concepts and thinking from the People Imperative book series.

Jarrold is a two time author of 'The Digital Workforce' and 'The Modern CEO'. He is currently planning his third book, 'The Digital Operating Model'.

Jarrold is a regular media commentator and his thought leadership has been featured in many of the world's leading publications including The Australian Financial Review, The Australian, HRM, CEO Magazine, Forbes, The Mandarin and many more.

When it comes to speaking, Jarrold is a passionate, wise and extremely well researched speaker. He provides a unique perspective on big topics that are current and important for all leaders.

Jarrold has a strong focus on philanthropy and regularly contributes to people related causes with a strong bent towards indigenous literacy.

THE PEOPLE IMPERATIVE SERIES

THE MODERN CEO

The roles and responsibilities of CEO's have been put to the test in recent years. Never before has the corporate leader had to do business in such a rapidly evolving, globally influenced and turbulent time. For many CEO's this means that it's time to rethink strategies, philosophies and tactics.

As a CEO of his own company, an Australian Financial Review TOP Fast 100 Company, Jarrod McGrath knows only too well just what it takes to lead effectively, managing the challenges of a being a modern CEO on a day to day basis. At the same time, Jarrod works with CEO's around the world, all of whom were facing the same issues. It became clear that a fresh approach to leading organisations was needed.

With the input of leading CEO's from around the world, extensive research on the changing roles of CEO's and the challenges and opportunities they face, the Modern CEO is an inspirational and practical guide.

RELEASED 2023

THE DIGITAL WORKFORCE

Jarrod McGrath's first book, *The Digital Workforce*, has helped organisations around the world to make the transformation to digitally managing their workforces. Whilst this may sound like a simple process, it is in fact more complex than people realise. Embracing this concept is at the core of creating a far more engaged and functional workforce and a superior people experience overall.

Using real examples, anecdotes, stories, case studies, models, frameworks and powerful expert interviews, *The Digital Workforce* is a very practical and hands on book. In a world where many organisations are struggling to keep with the rapid rate of change, *The Digital Workforce* is a critical part of any future proofing strategy.

SECOND EDITION
OUT NOW

THE DIGITAL OPERATING MODEL

Jarrod is already planning his next research project and book, *The Digital Operating Model*, which will deep dive into the world's most successful people-centric organisations. He will look at how people and their organisations are evolving through advanced neuro-sciences, technology evolution including intuitive no-code and next generation AI. This is a merging of the virtual and physical environments, futuristic learning and systemic thinking.

The Digital Operating Model is going to revolutionise the way companies are run around the world.
